

## Enphase Warranty – Microinverter

- **Effective Date:** March 19, 2025
- **Covered Territory:** Fiji
- **Covered Products:** IQ Microinverter, IQ Gateway, IQ Relay, and accessories products with the SKUs set forth in the [Covered Products Schedule](#).
- **Limited Warranty Period:** See the [Covered Products Schedule](#)

**This limited warranty (the “Warranty”) is effective only for the Covered Product SKUs in the attached Covered Products Schedule. Always check <https://enphase.com/warranty> to ensure you have the correct Warranty for your Covered Product.**

- 1. Warranty.** Subject to the terms of this Warranty, and during the applicable Limited Warranty Period Enphase Energy, Inc. (“**Enphase**”) warrants to the Covered Owner (defined below) that the Covered Product, under use and conditions set out in the User Manual and Product Data Sheet (collectively, the “**Enphase Documentation**”), will be free from defects in workmanship and materials when such Covered Products are installed for use at the original end user location (the “**Original Location**”) in the Covered Territory. This Warranty is valid (a) only to the extent permitted by the applicable laws of the Covered Territory, (b) when the Covered Product is sold by Enphase itself or by an Enphase-authorized reseller in the Covered Territory, and (c) to the extent the exclusions in Section 7 do not apply. The Enphase Documentation may be found at <https://enphase.com/en-au/installers/resources/documentation/microinverters>.
- 2. Covered Owner.** For the purposes of this Warranty, the “**Covered Owner**” or “**you**” shall mean the person or entity that purchases a Covered Product from Enphase or an Enphase-authorized reseller and installs (or has installed) such Covered Product at the Original Location. In addition, Covered Owner shall include subsequent transferees (each, a “**Transferee**”) as long as (a) the Covered Product remains at the Original Location, (b) the Transferee submits to Enphase a completed “*Change of Ownership Form*,” which Enphase may modify from time to time in its sole discretion and (c) the Transferee pays the applicable transfer fee (“**Transfer Fee**”) set forth in the Change of Ownership Form within thirty (30) days from the date of transfer from the Covered Owner to the Transferee. The submission of a Change of Ownership Form is required in order for the Transferee to receive continued Warranty coverage on the transferred Covered Product. The Transfer Fee is subject to reasonable adjustment from time to time (as determined at Enphase’s discretion). The Change of Ownership Form and payment instructions for the Transfer Fee are available at <https://enphase.com/warranty/fiji>.
- 3. Additional Rights.** This Warranty applies in addition to statutory rights available to consumers under Fiji consumer laws, and it explicitly does not limit any statutory consumer rights.
- 4. Continuous Connectivity.** The Covered Products should be continuously connected to the internet during the Limited Warranty Period, except where interrupted by causes outside of the Covered Owner’s reasonable control. This will help ensure that potential defects in the Product can be diagnosed remotely, and that the Product can receive over-the-air firmware updates.
- 5. Services under this Warranty:** If Enphase confirms the defect that is covered by this Warranty, Enphase will, at its sole discretion, either (a) repair or replace the Covered Product free of charge or (b) grant to the Covered Owner a proportionate set-off or refund for the Covered Product equal to the current market value of the Covered Product at the time the Covered Owner notifies Enphase of the defect, as shall be determined in Enphase’s sole discretion. If Enphase elects to repair or replace the Covered Product, Enphase shall, at its option, use new or refurbished parts or products of original, similar or improved design.
- 6. Warranty period after repair or replacement:** If Enphase repairs or replaces the Covered Product, (i) Enphase will, at its option, use new and/or reconditioned parts or products of original or improved design, and (ii) the Warranty will continue to apply to the repaired or replacement product for the remainder of the original Warranty Period or ninety (90) days from the date Covered Owner receives the repaired or replacement product, whichever is later.
- 7. Warranty Limitations and Exclusions.**
  - a. This Warranty does not cover, and Enphase will not be responsible for, shipping damage or any other damage caused by mishandling of products by the freight carrier.

- b. This Warranty does not cover, and the term “Covered Product” does not include, any third-party products not supplied by Enphase that may be installed with or used in connection with the Covered Products.
- c. This Limited Warranty does not apply to, and Enphase will not be responsible for, any defect in or damage to any Covered Products: (i) that have been misused, neglected, tampered with, altered, or otherwise damaged, either internally or externally; (ii) that have been improperly installed, operated, handled or used, including use under conditions for which the product was not designed, use in an unsuitable environment, or use in a manner contrary to the Enphase User Manual or applicable laws or regulations; (iii) that have been subjected to fire, water, generalized corrosion, biological infestations, acts of nature, or input voltage that creates operating conditions beyond the applicable maximum or minimum limits listed in the applicable Covered Product Data Sheet (as published online at [www.enphase.com](http://www.enphase.com)), including high input voltage from generators or lightning strikes; (iv) that have been subjected to damage caused by third party components not provided by Enphase and used with the Covered Products or any damage to the Covered Products caused by service performed by anyone who is not a representative of Enphase; (v) if the original identification markings (including trademark or serial number) of such products have been defaced, altered, or removed (other than by fading through regular wear and tear); (vi) if the Grid Profile (utility approved operating parameters) of the Covered Product has been altered, and such alteration causes the product to malfunction, fail, or fail to optimally perform; or (vii) if the Covered Product is not using the most up-to-date software or firmware version made available by Enphase and the defect or damage could have been avoided by using such firmware or software version.
- d. The Warranty does not cover cosmetic, technical or design defects, or shortcomings which do not materially influence or affect energy production or degrade form, fit, or function of the Covered Products, or any defects or parts requiring replacement due to ordinary wear and tear, corrosion, rust or stains, scratches, dents on the casing or paintwork of the Covered Product.
- e. The Warranty does not cover costs related to the removal, installation or troubleshooting of the Covered Owner's electrical systems.
- f. This warranty will not apply to products that have not received permission to operate from the local authorities having jurisdiction over such matters, if such permission is required in the Territory.
- g. For the avoidance of doubt, software programs installed in the Covered Products and the recovery and reinstallation of such software programs and data are not covered under this Warranty. Enphase does not warrant that the operations of the Covered Product will be uninterrupted or error-free.
- h. Covered Products are not intended for use as a primary or backup power source for life-support systems, other medical equipment, or any other use where product failure could lead to injury, loss of life, or catastrophic property damage. Enphase disclaims any and all liability arising out of any such use of your Covered Products. Further, Enphase reserves the right to refuse to provide support in connection with any such use and disclaims any and all liability arising out of Enphase's provision of, or refusal to provide, support for your Covered Product in such circumstances.

## **8. How to Obtain Warranty Service.**

- a. To obtain Warranty service for a Covered Product, you must comply with the Return Merchandise Authorization (RMA) Procedure available at <https://enphase.com/warranty/fiji>. You may be asked to provide the purchase receipt for the Covered Product. All claims made under this Warranty must be submitted to Enphase during the Limited Warranty Period and within ninety (90) days of discovering the defect.
- b. Upon issuance of the RMA, Enphase Energy will ship a replacement unit to the Original Location. In certain circumstances, Enphase may require the Covered Owner to return the allegedly defective device prior to Enphase shipping the replacement unit.
- c. When the replacement unit arrives, and if Enphase has required you to return the allegedly defective device, you must place the defective device into the original shipping container or other packaging that is equally protective of the product, apply a pre-paid shipping label (the RMA Procedure allows Covered Owners to generate a prepaid

mailing label for the return), and drop off the box at the nearest shipping location. If the allegedly defective Covered Product is not received by Enphase within sixty (60) days of Enphase providing an RMA number and a replacement unit has been shipped to the Covered Owner, Enphase will invoice the Covered Owner, and the Covered Owner will pay, the then-current list price for such replacement product or product part. If you do not use the pre-paid shipping label provided by Enphase, Enphase recommends that you use a tracking service for your protection.

- d. If a Covered Owner returns a Covered Product to Enphase (i) without an RMA from Enphase, (ii) without all parts included in the original package, or (iii) that Enphase determines is not covered under this Warranty, Enphase retains the right to either (1) refuse delivery of such return and return it at the Covered Owner's cost (subject to prepayment); (2) charge a restocking fee equal to the higher of fifteen per cent (15%) of the original Covered Owner's purchase price of the Covered Product or the retail value of the missing parts; or (3) keep the Covered Product for thirty (30) days for pick-up by the Covered Owner, and then (if it is not picked up) dispose of it at Enphase's sole discretion without further liability or obligation to the Covered Owner.
- e. Once a returned Covered Product is received and inspected, Enphase will notify the Covered Owner (or the installer authorized by Covered Owner to replace the Covered Product) that Enphase has received the returned Covered Product.
- f. By returning a Covered Product, Covered Owner hereby acknowledges that ownership of the Covered Product is transferred to Enphase upon Enphase's receipt of the Covered Product. If the claim is justified based on this Warranty, Enphase will bear the cost of shipping the repaired or replacement Covered Product to Covered Owner (or to the installer authorized by Covered Owner to replace the Covered Product) at the Original Location.

**9. Assignment.** Enphase expressly reserves the right to novate or assign its rights and obligations under this Warranty to a third party with the demonstrated expertise and requisite resources needed to effectively discharge the obligations hereunder.

**10. Limitation of Liability.**

- a. Enphase will not be responsible under this Warranty for any loss or damage which is not Enphase's fault or is not foreseeable.
- b. Enphase only provides the Covered Product for domestic and private use under this Warranty. If the Covered Owner uses the Covered Product for any commercial or business purposes, Enphase will not be responsible under this Warranty for business losses, including but not limited to, loss of profits, loss of business, business interruption, and/or loss of business opportunity.
- c. Nothing in this Limited Warranty will limit or exclude Enphase's liability for (i) death or personal injury caused by its negligence, (ii) fraud or fraudulent misrepresentation, (iii) any breach of the Covered Owner's legal rights in relation to the Covered Product or (iv) for any other liability which cannot be limited or excluded under applicable law.

**11. No Modifications.** No Enphase employee, reseller or other third party is authorized to make any modification, extension, or addition to this Warranty.

**12. Severability.** If any term of this Warranty is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

**13. Disclaimer of Warranties.** Except to the extent prohibited by applicable law, this Warranty is the sole and exclusive warranty given by Enphase and all other warranties and conditions, whether express or implied, statutory, or otherwise, arising by law, course of dealing, course of performance usage of trade, or otherwise (including warranties and conditions of merchantability, fitness for a particular purpose, non-infringement, or warranties as to the accuracy, sufficiency or suitability of any technical or other information provided in manuals or other documentation) shall be limited in duration to the duration of this Warranty.

Except to the extent prohibited by applicable law, the grant of this Warranty by Enphase is conditioned upon agreement by the Covered Owner to the terms, conditions and requirements herein. The laws of certain jurisdictions do not allow for the exclusions on the duration of an implied warranty or for exclusions or limitations on legal warranties. Where such

laws apply to the Covered Owner, some or all of the exclusions or limitation may not apply to Covered Owner, and such Covered Owner may have additional rights. This Warranty gives Covered Owner specific legal rights, and covered owner may also have other rights that vary from jurisdiction to jurisdiction.

**14. Governing Law; Venue.** This Warranty shall be governed by and construed in accordance with the laws of Fiji. Each party agrees to submit to the non-exclusive jurisdiction of Fiji courts. However, as a consumer, you benefit from the mandatory provisions of the law of your country of residence. Nothing in this limited warranty shall affect your rights as a consumer to invoke such mandatory provisions of local law.

**15. Consumer Dispute Resolution.** Enphase is not committed or obliged to participate in dispute resolution procedures in front of a consumer arbitration board.
