Permitting guidelines for Enphase IQ Battery Systems

Enphase recommends submitting IQ Battery model numbers on permits and plan sets using the following model designation "x" in place of either the "3" or "3T" and adding "where x = 3 or 3T" AND "x" in place of either the "10" or "10T" and adding "where x = 10 or 10T"

Examples:

Model Number:" ENCHARGE-x-1P-NA, where x = 3 or 3T" or "ENCHARGE-x-1P-NA, where x = 10 or 10T"
